

Submitter: Dotty Edwards
On Behalf Of:
Committee: Senate Committee On Judiciary
Measure: SB348

SB 348 is designed to criminalize people and will accomplish nothing but continue to divide this state. Oregon does not have the resources to implement measure 114. This measure 114 is unconstitutional and violates the second amendment. This will continue to make things worse.

This is very sneaky and deceitful to be allowed and accepted to "drop off" on a Friday night after hours and so that nobody can respond and oppose it. This is ridiculous that there is not enough time to oppose.

Would this be allowed if it was the opposite party trying to force a bill like this.... NO IT WOULD NOT BE!!

Please oppose this measure.
