

Submitter: Amy Brown

On Behalf Of:

Committee: Senate Committee On Judiciary

Measure: SB348

Not only is SB 348 unconstitutional but it is also discriminatory. I guess it is now the intent of the Oregon Senate to make it so poor people cannot legally own firearms, but let the criminals illegally own firearms so they can not only rob but murder the poorer people of the state. And what does it mean by 'declares emergency'? What exactly is the emergency? Why do you keep declaring emergencies to shove these laws through? Why is it an emergency? You need to explain to the voters of this state what makes it an emergency. You work for us. The bill is a complete re-write of Measure 114 and now you have 65 pages of gun laws. You need to SLOW DOWN and write some laws with the input of the GUN OWNERS OF THIS OREGON and come up with something constitutional and agreeable to everyone. It's a democracy, you are not - or should not be - TYRANTS. YOU work for US.
