Measure: SB348

I strongly feel that this is a grossly unconstitutional and unethical overreach on the part of our Oregon leadership. This unconstitutional targeting must stop. If this amendment does not get shut down immediately, I fear gravely for Oregons future. This bill flaunts false promises of safety and security to the ignorant while swiftly granting more power to our tyrant officials. Oregons citizenry should not be subject to this erosion of our countries core values and our families should not be stripped of their birthright to to acquire and bear firearms to protect themselves without infringement. This bill will cause devastation across the state, strip innocent people of their rights, and facilitate more needless blood shed in the streets.
