

Submitter: Colleen Martin

On Behalf Of:

Committee: Senate Committee On Judiciary

Measure: SB348

Won't you please consider giving the people a voice for this? Haphazardly sneaking in a huge volume of text right before it is to be voted on in ANY bill is CORRUPTION. Whether you signed up to serve the people, or make a bigger paycheck, don't do this. We have the right to bear arms. Those rights you're trying to take away are not just mine, they are my grandchildren's and your grandchildren's. It's not too late to stop.
