Water

Measure: HB2127

Representative Mannix needs to know that I am a constituent and I oppose this bill. I want him to drop, withdraw, oppose and whatever other method or words exist which will make it go away. It is an attempt to end our land use planning system.as we know.it. Our land use planning system is well liked by the vast majority of Oregonians as a recent poll pointed out when 97% of Oregonians responded that they want our farmlands protected as they are now.
