

Submitter: Gregory Hutzell

On Behalf Of:

Committee: Senate Committee On Housing and Development

Measure: SB611

My wife and I own a few rentals in Washington County we bought years ago to help fund our retirement. We value providing affordable housing by keeping our rents below market rate and also at sufficient amounts to meet our retirement needs. SB 611 would put significant financial constraints and burdens on our capacity to keep and operate our rental properties. Please do not pass this bill. We plead with you not to do so.

Thanks, Gregory Hutzell, Hillsboro, OR.
