Committee: Senate Committee On Judiciary

Measure: SB348

I opposed Measure 114, as did many, and I oppose this measure too. Making it harder for law-abiding citizens to buy guns will not make us safer. Criminals do not abide by the law. They will get their hands on guns no matter how many laws you put into effect. Actually prosecuting criminals might help more. And keeping them in prison. Providing mental health treatment for those in need instead of worrying about putting a label on people in mental crises also sounds more reasonable. But quit targeting those of us who follow the laws already. We don't need more laws.
