

Submitter: C J
On Behalf Of:
Committee: Senate Committee On Judiciary
Measure: SB348

I disagree with this overreach in our Second Amendment right. There is nothing in the US laws that allow for this and as an American citizen, we are allowed to follow laws of this land. This squelches our rights and should not be allowed. Our rights are being stripped away all the time. Laws made with fair and justice are our rights. Taking them and changing them to fit the stripping of the laws are crooked. All Americans should be aware of everything changing. It's up to us. We count!! I, therefore, do not agree with this. I look forward to Oregon government to support Americans and Oregonians fairly. To choose wisely and intelligently. Thank you
