

Submitter: Greg Tillman Whote
On Behalf Of:
Committee: Senate Committee On Judiciary
Measure: SB348

I am in opposition to any legislation, specifically SB348, statute or regulation that intereferes with or abrogates ANY portion of the Oregon Constitution, the United States Constitution and/or Bill of Rights for ANY citizen, specifically regarding SB348.

This bill clearly does not comply in full with the Oregon Constitution, United States Constituion and/or the Bill of Rights by requiring ANYTHING to exercise my Constitutionally guaranteed Rights and seeks to deny and redefine who has authority over ANY Constitutionally defined RIGHT. There is NO Constiutional basis for ANY Dilution or Abrogation or Infringement of our Right to bear arms through fees, permits, or spurious emergency provisions and legislative manipulation.

No where can you find any Constitutionally lega authority to assign control of our RIGHTS to ANY organization or entity. Must not be infringed is VERY CLEAR LANGUAGE. This SB348 CLEARLY INFRINGES.

To deny a legal adult ANY Constitutionally guaranteed Right is wrong . . .morally and legally.

The State has NO LEGAL authority to impose SB 348 on ANY legal Citizen at any time in any place or any manner.
Stop SB 348 NOW!!!!
