Measure: SB348

I oppose SB 348. I believe that tax dollars would be better spent on mental health solutions to crime involving firearms. The only people that will follow these laws are not the people committing these crimes. If this bill is passed (along with any other gun control bill) it is my belief that crime will only increase since the criminals will find it easier to commit their crimes since fewer law abiding citizens will be in a position to defend themselves especially in economically disadvantaged communities. Thank you for considering my wishes.
