

Submitter: William Lehman

On Behalf
Of:

Committee: House Committee On Agriculture, Land Use, Natural Resources, and
Water

Measure: HB2765

I support HB 2765. In the contentious water environment of Klamath county and the constraints of water within the Klamath river watershed, we need options for utilizing water that benefit the local economy, wildlife refuges, and wildlife habitat. This bill would help an area that has lost water options over several decades of constrained use. This bill provides an opportunity to ease pressure between irrigators, tribes, fisheries, and wildlife competing interests within the region. For this reason, I hope you will vote YES in support of HB 2765.
