On Behalf Of: Keizer
Committee: Senate Committee On Judiciary
Measure: SB348

I oppose this measure, bill because I believe there is already ample laws on the books to address any unlawful actions by individuals. What needs to be understood is knives, clubs, automobiles, etc. can all be used in a unlawful manner, If an individual so desired. So what are we supposed to do ? Make everything illegal to own and possess ? Lets use the legislation already at our disposal to deal with criminals. It will more then cover any situation that arises. Thankyou.
