

Submitter: Erin Bishop

On Behalf Of:

Committee: House Committee On Education

Measure: HB2895

As a parent and a speech language pathologist in the Portland Public Schools District it is vital to support this bill. We need more funding to be able to ethically and fairly support the needs of our most vulnerable students. Students aren't able to get their needs met and all teachers, not just special education teachers, are impacted and experiencing incredible burnout. Please remove the cap on funding. Please allow us to do the job we are so passionate about. Please support this bill.

Thank you
