

Submitter: Pamela Pamela  
On Behalf Of:  
Committee: Joint Committee On Transportation  
Measure: HB3202  
To Oregon Lawmakers:

I hope that you will be a yes vote for House Bill 3202, in order to protect our ecosystem against the damages caused by light pollution.

It's time for Oregon to get to work to address this issue. This simple bill will help protect migratory birds as well as help ensure a vibrant ecosystem that benefits humans too. Human brains require dark skies and research has indicated a lack of darkness is responsible in many human conditions. It is currently within our ability to aid nature and ourselves by limiting or restricting light pollution.

Protecting our night skies while we still have them is easier than trying to restore them once they are gone.
