Committee: Joint Committee On Transportation
Measure: HB3202

To Oregon Lawmakers:

I hope to count on your support of the Night Skies bill, HB 3202, in order to help improve wildlife welfare, human health, and our environment generally.

It's time for Oregon to get to work to address this issue. Light pollution can disrupt carefully choreographed ecosystems including impacting animals' feeding habits, migration, and predator/prey relationships, and can have far-reaching effects on human health as well.

Protecting our night skies while we still have them is easier than trying to restore them once they are gone.
