IN SUPPORT OF HB 3202

I hope that you will be a yes vote for House Bill 3202, which will create standards to limit and mitigate light pollution across Oregon.

It's time for Oregon to get to work to address this issue. Nocturnal animals are dependent upon uninterrupted nighttime hours, and behavioral changes stemming from over-illumination can have effects on humans' ecosystem as well.

Let's protect our night skies now while we still have them, instead of trying to restore them after they're gone!
