

Submitter: Adrienne Wolf-Lockett  
On Behalf Of:  
Committee: Joint Committee On Transportation  
Measure: HB3202

IN SUPPORT OF HB 3202

Please support House Bill 3202, in order to protect our communities against the damages caused by light pollution.

House Bill 3202 builds on what other states have already done. Light pollution can disrupt carefully choreographed ecosystems including impacting animals' feeding habits, migration, and predator/prey relationships, and can have far-reaching effects on human health as well.

It's easier to protect our night skies while we still have them than to try to restore them once they are gone.
