IN SUPPORT OF HB 3202

I hope to count on your support of the Night Skies bill, HB 3202, which seeks to mitigate the detrimental effects of light pollution on our environment.

It's time for Oregon to get to work to address this issue. This simple bill will help protect migratory birds as well as help ensure a vibrant ecosystem that benefits humans too.

It's easier to protect our night skies while we still have them than to try to restore them once they are gone.
