

Submitter: Julie Julie

On Behalf Of:

Committee: Joint Committee On Transportation

Measure: HB3202

To the Oregon Legislature:

I am writing to urge your support of HB 3202, in order to help improve wildlife welfare, human health, and our environment generally.

Many other states have taken such steps already. Behavioral and hormonal changes in animals due to over-illumination can have far-reaching effects on public health as well.

It is easier to protect Oregon's night skies while we still have them than to try to restore them once they are gone. The same goes for wildlife!!
