

Submitter: Tony Meacham
On Behalf Of:
Committee: Senate Committee On Judiciary
Measure: SB348

This measure is unconstitutional. We have a RIGHT under the 2nd amendment to bear arms. Charging Americans a fee to pay for a PERMIT is unconstitutional. How is it you guys get "elected" and you don't read the constitution. We have RIGHTS, NOT privileges.

"If the State converts a right into a privilege, the citizen can ignore the license and fee and engage in the right with impunity." *Shuttlesworth v. City of Birmingham*

Government has descended itself into a mere corporation, the STATE OF OREGON is a corporation. As such, Government is bound by the same rules and laws that govern private corporations so if they intend to compel a living man or woman to some specific performance based upon its corporate statutes or corporation rules, then the government, like any private corporation, must be the holder- in-due-course of a contract or some consenting agreement made with full disclosure between it and the one upon whom demands for specific performance are made. The government is required to enter the contract or commercial agreement into evidence by due process before trying to get the court to enforce its statutory demands.

You have NO contract with me or any other American domiciling in Oregon that would compel us to give up our 2nd amendment rights. We are living men and women that hold no contract with you and we do NOT consent to your proposed plan. We do NOT exchange our rights for privileges.
