

Submitter: Richard Fortman
On Behalf Of:
Committee: Senate Committee On Judiciary
Measure: SB348

We are against this bill for the following reasons:

Oregon does not have resources to implement M114 so the system cannot handle what they are trying to do.

Bruen decision created a new standard to determine 2A constitutionality. (Source) State regulations negatively affect women and minorities most.

Cost of permit-to-purchase increased from \$65 to \$150. No money, no 2A rights.

None of this does anything to make us safer. Criminals are criminals because they never obey the law. Therefore, "gun/violence" control will control us law abiding citizens and not reduce crime.

This new law will be challenged and end up in court.

SB 348 backdated to 12/8/2022 to criminalize any high-capacity magazines purchased since 12/8/22.
