Measure: SB320

Do the crime, serve the time. Measure 11 makes criminals accountable for their crimes and may keep them in check realizing the depth of the sentence. My son was assaulted and his throat was slit just millimeters of his Carotid Artery. The person who assaulted him went to prison under measure 11 and was released early even after being sentenced to the Min 5 years sentence. We should keep criminals off the streets for our public safety, not back out on the streets raging war against the innocent.
