Committee: Joint Committee On Transportation
Measure: HB3202

Dear Legislators,

I hope that you will be a yes vote for House Bill 3202, which seeks to mitigate the detrimental effects of light pollution on our environment.

This is not a new concept, and in fact other states have already implemented such measures. Behavioral and hormonal changes in animals due to over-illumination can have far-reaching effects on public health as well.

It's easier to protect our night skies while we still have them than to try to restore them once they are gone.

Thank you,
Karen Peterson
