

Submitter: Russell Kautz
On Behalf Of:
Committee: House Committee On Judiciary
Measure: HB3513

Why use tax payer funds for this bill instead of just revoking the current law that makes doing this illegal? Also, requiring the "use of firearm hold agreements for firearm suicide prevention" as part of the training for a concealed handgun course is evil. This would make any class taught in any other state that used to qualify no longer valid. This bill is a massive misuse of taxpayer funds.
