On Behalf Of: Hareline Dubbin inc all flyfishermen and sportsmen

Committee: House Committee On Judiciary

Measure: HB3390

This is just ridiculous! You will be harming and putting out a industry that does more wildlife and nature than any bureaucracy has ever done! If this passes then my recreation money will no longer be spent in Oregon. I can believe this is even a thought with all the bigger problems Oregon has! P. S. Clean Portland up you dirty animals!
