Measure: SB527

I oppose this bill. If young adults can vote and go to war at 18, they can buy fire arms.

would really like to understand how this will help. spend more time teaching the youth how to properly handle a firearm.

at 15 a youth can have any medical treatment they want. Our youth need to learn to be responsible.

Gun safety used to be taught after school by the local police on the school grounds. bring back some common sense.
