Committee: Senate Committee On Health Care

Measure: SB408

I strongly oppose SB 408 and the Government Overreach that would come along with it. I'm a huge advocate for integrative/functional/naturopathic medicine. Mainstream medicine failed me, while integrative/naturopathic medicine healed me. The last thing we need is more bureaucracy and unelected government officials (e.g., OHA) having more control. Please direct our taxpayer dollars to more pressing matters.
