

Submitter: Douglas Allen

On Behalf
Of:

Committee: House Committee On Agriculture, Land Use, Natural Resources, and
Water

Measure: HB2659

Please stop consideration of HB 2659. This bill would only delay Oregon's necessary actions to combat climate change, and we don't have that time. Let the cities give the current rules a try and let LCDC consider future amendments as shown by demonstrated need. A blanket delay of the rules is bad policy. Ideally you would cancel the hearing and work session on this bill.
