Testimony in SUPPORT of HB 3202:

I am writing to urge your support of HB 3202, in order to protect our ecosystem against the damages caused by light pollution.

House Bill 3202 builds on what other states have already done. Behavioral and hormonal changes in animals due to over-illumination can have far-reaching effects on public health as well.

It's easier to protect our night skies while we still have them than to try to restore them once they are gone.
