

Submitter: Tamie Terrell
On Behalf Of:
Committee: Senate Committee On Judiciary
Measure: SB320

I am for measure 11. I do not want a hard criminal out on bail for good behavior or because it was a first offense. I have a friend who is going through a lot of stress not wanting her offender to be released. She is scared for her life if it happens. Please keep this measure the way us as voters wanted it . Thank you .
