

Submitter: Ken Morris

On Behalf Of:

Committee: House Committee On Judiciary

Measure: HB3390

I oppose HB3390. As a fly fisherman and fly tyer I feel this bill would have a nationwide impact. This is due to the fact that two of the largest distributors of tying materials are located in Oregon, it would force them to either close or move out of the state. It would also affect the many small fly fishing stores that would be unable to provide most of the natural materials used in the making of flies for fishing, harming their gross revenue and driving those sales out of Oregon.

Please vote against this bill
