On Behalf Of:

Committee: House Committee On Judiciary

Measure: HB3390

I oppose this bill. This will have a devastating impact on the fly tying and fly fishing industry. Fur is an essential ingredient for numerous flies. As a fly tyer, having the ability to get fur from local fly shops and fly tying companies is crucial to being able to tie the flies. Being able to sell fur for fly tying is a critical source of revenue for fly shops and the companies that source, produce, and supply it to the fly shops.

This bill would have a harmful impact on the fly tying and fly fishing community. There should be an exemption for fly tying companies that source, produce, and supply fur to customers and fly shops; as well as exemption for fly shops that receive and supply fur for their customers.
