Measure: HB3202
To Oregon Lawmakers:

I hope that you will be a yes vote for House Bill 3202, which seeks to mitigate the detrimental effects of light pollution on our environment.

Oregon should follow the lead of other states that have already taken this step. This bill helps prevent birds and nocturnal animals from being adversely affected by over-illumination, as well as the effects on our own health and safety.

Protecting our night skies while we still have them is easier than trying to restore them once they are gone.
