Measure: HB3202

IN SUPPORT OF HB 3202

Please support House Bill 3202, which will create standards to limit and mitigate light pollution across Oregon.

It's time for Oregon to get to work to address this issue. This bill helps prevent birds and nocturnal animals from being adversely affected by over-illumination, as well as the effects on our own health and safety.

It is easier to protect Oregon's night skies while we still have them than to try to restore them once they are gone.
