Committee: Joint Committee On Transportation
Measure: HB3202

Dear Legislators,

Please support House Bill 3202, in order to protect our ecosystem against the damages caused by light pollution.

It's time for Oregon to get to work to address this issue. Nocturnal animals are dependent upon uninterrupted nighttime hours, and behavioral changes stemming from over-illumination can have effects on humans' ecosystem as well.

Let's protect our night skies now while we still have them, instead of trying to restore them after they're gone!
