On Behalf Of:  
Committee: Joint Committee On Transportation  
Measure: HB3202

To the Oregon Legislature:

Please vote YES on H.B. 3202 (the Night Skies Protection bill) which seeks to mitigate the detrimental effects of light pollution on our environment.

Many other states have taken such steps already. This simple bill will help protect migratory birds as well as help ensure a vibrant ecosystem that benefits humans too.

It is easier to protect Oregon's night skies while we still have them than to try to restore them once they are gone.
