

Submitter: Liindsay Blachly
On Behalf Of:
Committee: Joint Committee On Transportation
Measure: HB3202

To the Oregon Legislature:

I hope to count on your support of the Night Skies bill, HB 3202, which will create standards to limit and mitigate light pollution across Oregon.

Oregon should follow the lead of other states that have already taken this step. Nocturnal animals are dependent upon uninterrupted nighttime hours, and behavioral changes stemming from over-illumination can have effects on humans' ecosystem as well.

Let's protect our night skies now while we still have them, instead of trying to restore them after they're gone!
