IN SUPPORT OF HB 3202

I hope that you will be a yes vote for House Bill 3202, in order to help improve wildlife welfare, human health, and our environment generally.

Many other states have taken such steps already. Behavioral and hormonal changes in animals due to over-illumination can have far-reaching effects on public health as well.

It's easier to protect our night skies while they're still here than to try to repair them after they are gone!
