Committee: Joint Committee On Transportation
Measure: HB3202

To Oregon Lawmakers:

Please support House Bill 3202, in order to help improve wildlife welfare, human health, and our environment generally.

Oregon should follow the lead of other states that have already taken this step. This bill helps prevent birds and nocturnal animals from being adversely affected by over-illumination, as well as the effects on our own health and safety.

It's easier to protect our night skies while we still have them than to try to restore them once they are gone.
