

Submitter: BRENDA BOUNDS
On Behalf Of: All Parents in Oregon
Committee: Senate Committee On Education
Measure: SB409

As a parent, aunt and friend to many children who attend public schools, I support this bill. It is of utmost importance to have transparency and accountability to parents. The children are their responsibility and have every right to know what is being taught in the classroom. Not every parent has the time to go into classrooms to see what is being taught. You must be equitable for all parents. There is no better way to show parents that you respect them by showing the transparency and willingness to have easy accessibility to what is being taught to their children. For there is no one who will love these children more than their parents and/or guardians. Thank you for your time and willingness to listen and act appropriately.
