On Behalf Of:  
Committee: Joint Committee On Transportation  
Measure: HB3202

Dear Legislators,

I am writing to urge your support of HB 3202, in order to protect our ecosystem against the damages caused by light pollution.

This is not a new concept, and in fact other states have already implemented such measures. Nocturnal animals are dependent upon uninterrupted nighttime hours, and behavioral changes stemming from over-illumination can have effects on humans' ecosystem as well.

Protecting our night skies while we still have them is easier than trying to restore them once they are gone.

Sincerely,  
Susanna Blunt
