

Submitter: Patti Martin

On Behalf Of:

Committee: Joint Committee On Transportation

Measure: HB3202

IN SUPPORT OF HB 3202

Please support House Bill 3202, which will create standards to limit and mitigate light pollution across Oregon.

Oregon should follow the lead of other states that have already taken this step. Behavioral and hormonal changes in animals due to over-illumination can have far-reaching effects on public health as well.

It's easier to protect our night skies while they're still here than to try to repair them after they are gone!
