

Submitter: Mike Poe

On Behalf Of:

Committee: House Committee On Judiciary

Measure: HB3513

This bill is completely unnecessary and a waste of taxpayer money. You made a law basically making it illegal for people to do this and now you're making a new law to counter that law that required taxpayer money to implement. Just repeal the previous law and let people do this on their own, if they so desire. Completely opposed to this waste and misuse of funds.
