

Submitter: Barbara Taylor
On Behalf Of:
Committee: Joint Committee On Transportation
Measure: HB3202

To Oregon Lawmakers:

For the past 37 years I have been fortunate enough to live on a lane with no sidewalks or street lamps. I treasure our dark night skies and the ability to see the constellations on clear nights. I am passionate about protecting wild birds, especially during migration.

Please support House Bill 3202, in order to help improve wildlife welfare, human health, and our environment generally.

It's time for Oregon to get to work to address this issue. This bill helps prevent birds and nocturnal animals from being adversely affected by over-illumination, as well as the effects on our own health and safety.

Protecting our night skies while we still have them is easier than trying to restore them once they are gone.
