

Submitter: Megan Hennessey
On Behalf Of:
Committee: Joint Committee On Transportation
Measure: HB3202

Dear Legislators,

Please vote YES on H.B. 3202 (the Night Skies Protection bill) in order to protect our ecosystem against the damages caused by light pollution.

This is not a new concept, and in fact other states have already implemented such measures. Light pollution can disrupt carefully choreographed ecosystems including impacting animals' feeding habits, migration, and predator/prey relationships, and can have far-reaching effects on human health as well.

It's easier to protect our night skies while they're still here than to try to repair them after they are gone!
