

Submitter: Barbara Haga
On Behalf Of: myself
Committee: Senate Committee On Judiciary
Measure: SB348

With respect to our Oregon State Judiciary Committee, et.al.

Regarding: SB 348-1, based on Petition Measure 114

I have indicated *neutral in my response, albeit with great appreciation for all you are doing in Committee.

I have concerns that all facets of Measure 114 be addressed ... especially:

1. Military grade weapons outlawed (and retrieved).
2. Thorough background checks before approval of the sale of any gun... Gun shows being registered & in compliance as well.
3. There is funding needed for mental health staffing & personnel to identify students and adults who've shown chronically threatening behavior toward others &/or suicidal behavior.

With hope for all considerations in SB 348-1. On behalf of all of us in Oregon. As well as it potentially being yet another good example to the rest of our country! Thank you for your attention and work.
Sincerely, Barbara Haga
