

Submitter: Amber Richardson
On Behalf Of: Every American in our state
Committee: Senate Committee On Judiciary
Measure: SB348

I oppose this un-constitutional bill. Our rights are being Infringed upon. Our constitution means something to me, I hope it means something to the people who are supposed to be upholding these principles while making decisions on behalf of We The People! Lately it seems the power at he has no desire to truly take care of Oregonians. It's getting very very clear how deeply our constitutional rights are being stripped away. Greed and power never ends well.
Godbless
