I oppose this bill for a couple reasons: the training requirement making specific requirements around this bill specifically for Oregonians as well as this bill being unnecessary. This bill would not have been necessary if a previous bill had not been passed removing a lawful gun owners ability to store them with a trusted friend who is also legally capable of owning firearms. Requiring another training requirement for legal conceal carry licensees is an unnecessary added expense and burden which adds yet another barrier to a lawful gun owner who chooses to obtain their conceal carry permit to protect themselves, family, friends and innocent bystanders when necessary.
