Measure: SB348

Dear Judiciary Committee: While there are positive sides to SB 348: those parts that would help implement Measure 114 such as imposing an important 72-hour waiting period after the purchaser passes a background check before receipt of the gun, and improving the requirements of the annual report on permitting to ensure equitable administration. I find some parts could weaken Measure 114-- such as not requiring a permit for the purchase of hunting guns and not requiring a robust enough check to ensure a permit applicant is not a danger to themselves and others. This leaves me neutral on this particular version of the bill, and I hope there will be amendments to SB 348 as it stands to make sure that what the voters approved last November, but has been hung up in court cases by mostly out-of-state gun lobbyists, won't block the movement of this approved Measure. Thank you.
