Measure: SB348

My family and I are very much against the egregious work around measure 114. This bill makes it harder for low income and minority races to purchase a fire arm. As well as increase time to receive said firearm. Also, it is odd to my family and I how a young student can determine their gender. And a 16 year old can possibly vote. And yet 18-20 year old cannot legally buy a long gun either shotgun or rifle. Did I mention the usual obvious statement ? A young adult is able to be in the military at 18 and carry various weapons to go to war with if needed. But, yet can't buy a Shotgun for duck hunting etc.

This bill, as much as measure 114 are unconstitutional and both are very racist. Unless you are a dictator/despot and complete control is your goal.

It would be a breath of fresh air if the people who put these measures together. Would cut to the chase and just in a short paragraph be honest and just say what these bills are really about. That way they would show their true colors to all.

Remember EQUITY IS THE NEW WORD FOR RACISM
